PURE CLEAN. PERFECT PREP

A professional car care cleaning system that deep-cleans without harming your paint — the ideal foundation for coating and sealant application.

PRO-LEVEL RESULTS , EFFORTLESS ROUTINE

One-Line Description For Each Products

Safe and effective for delicate interior fabrics.

Description Of The Product

is specially developed to gently clean and refresh delicate Alcantara surfaces without causing fading, stiffness, or damage. It effectively lifts dirt, oils, and stains while preserving the soft, suede-like texture—perfect for seats, steering wheels, and interior trims.

Product Highlights

- 1. Gently cleans Alcantara and suede-like materials
- 2. Preserves natural texture and softness
- 3. Effectively lifts dirt, oils, and stains
- 4. Applies easily with no residue left behind

CX-DP-AC

Sizes 17 FL OZ (483ML)

How To Use

- 1. Dilute ratio based on intended use.
- 2. Lightly mist CHEMIX Alcantara Cleaner onto the surface or a soft detailing brush.
- 3. Gently agitate in circular motions to lift dirt and stains.
- 4. Wipe away excess with a clean microfiber cloth.
- 5. Allow the surface to air dry completely.

CHEMIX ALCANTARA CLEANER

One-Line Description For Each Products

All-purpose cleaner for interior and exterior use.

Description Of The Product

is a versatile all-purpose solution designed for auto detailing enthusiasts. Its powerful formula penetrates and lifts dirt from both interior and exterior surfaces—including carpets, upholstery, engine bays, and wheels. Safe for use on all materials, it ensures a consistently spotless, professional-grade finish.

Product Highlights

- 1. Strong, high-performance formulation
- 2. Effectively cleans both interior and exterior surfaces
- 3. Safe for use on all materials and finishes
- 4. Delivers an impeccable, spotless result
- 5. Versatile and reliable for a wide range of detailing needs

CX-DP-AP

Sizes 17 FL OZ (483ML)

How To Use

- 1. Dilute CHEMIX AP Clean according to the desired cleaning strength.
- 2. Shake well before use. Test on a small, hidden area before full application.
- 3. Spray or apply the diluted solution evenly onto the surface.
- 4. Gently agitate with a soft brush or cloth, concentrating on stubborn spots.
- 5. For interior surfaces, wipe clean with a damp cloth. For exterior use, rinse thoroughly with water.

CHEMIX AP CLEAN

One-Line Description For Each Products

Powerful tar remover that melts away tough residues.

Description Of The Product

is a high-performance tar remover designed for effortless cleaning. Engineered for those who value both effectiveness and simplicity, it tackles stubborn tar stains with ease—restoring surfaces to a clean, flawless finish.

Product Highlights

- 1. Tar Remover
- 2. Effortlessly dissolves stubborn tar stains
- 3. Fast, precise, and effective cleaning action
- 4. Restores painted surfaces to a smooth, pristine finish

CX-DP-BO

Sizes 17 FL OZ (483ML)

How To Use

- 1. Apply CHEMIX Black Out evenly onto the tar-stained surface.
- 2. Allow the formula to penetrate and dissolve the tar for a few moments.
- 3. Using a soft cloth, gently wipe in circular motions to lift the residue.
- 4. Rinse thoroughly with clean water, then dry the area with a microfiber towel for best results.

CHEMIX BLACK OUT

One-Line Description For Each Products

Safely Eliminates Insect Remains from Paint & Glass.

Description Of The Product

is a powerful, paint-safe formula that breaks down and lifts insect remains, bug splatter, and road grime with ease. Its fast-acting formula softens stubborn contaminants without harming paint, glass, or plastic—making cleanup quick and effortless.

Product Highlights

- 1. Powerful formula tackles baked-on insect remains
- 2. Will not damage clear coats or trim
- 3. Spray, wait, and wipe – it's that simple
- 4. Great for summer driving and highway cleanup
- 5. Safe, effective, and time-saving

CX-DP-BR

Sizes 17 FL OZ (483ML)

How To Use

- 1. Spray CHEMIX Bug Remover generously onto the contaminated area.
- 2. Allow the product to sit for 30–60 seconds so it can break down residues. Avoid letting it dry.
- 3. Gently wipe away using a damp microfiber cloth or rinse with water.
- 4. For stubborn bug remains or grime, repeat the process as needed.

CHEMIX BUG REMOVER

One-Line Description For Each Products

Premium car shampoo with advanced ceramide technology for a spotless, protected finish.

Description Of The Product

transforms your wash routine with a rich, SiO₂-infused foam that cleans, enhances gloss, and adds hydrophobic protection in one step. Safe for both coated and uncoated surfaces, it gently lifts dirt while leaving a slick, glossy finish that beads water beautifully.

Product Highlights

- 1. SiO₂-infused formula for enhanced shine and protection
- 2. Safe for coatings, waxes, and bare paint
- 3. Provides swirl-free lubrication for a hydrophobic wash
- 4. Produces rich foam, perfect for both foam cannon and bucket washes

CX-DP-CF

Sizes 17 FL OZ (483ML)

How To Use

- 1. Rinse the vehicle thoroughly to remove loose dirt.
- 2. Mix 50ml of product with water in a bucket (dilute based on preference).
- 3. Wash from top to bottom using a wash mitt, then rinse and dry with a microfiber towel.

CHEMIX CERAZFOAM

One-Line Description For Each Products

Quick ceramic spray with hydrophobic enhancement.

Description Of The Product

enhances your vehicle's smoothness and gloss with its advanced hydrophobic formula. It fills nano-pores to create a protective layer that repels water and contaminants, making it easier to maintain a clean, uniform finish. Easy to apply and suitable for all paint types, including clear coats, single-stage, and metallic finishes.

Product Highlights

- 1. Perfect for Car Enthusiasts
- 2. Creates a Hyper-Smooth Surface
- 3. Superior Hydrophobic Protection
- 4. Boosts Gloss and Color Depth
- 5. Effortless, Exceptional Maintenance

CX-DP-CM

Sizes 17 FL OZ (483ML)

How To Use

- 1. Clean and dry your vehicle's surface before application.
- 2. Shake well before use. Apply CHEMIX Ceramix directly onto the surface.
- 3. Evenly spread with a microfiber cloth using light pressure. Let the product sit for 1-2 minutes.
- 4. Buff with a clean, dry microfiber towel to achieve a glossy finish.

CHEMIX CERAMIX

One-Line Description For Each Products

Lubricant for smooth, scratch-free clay bar sessions.

Description Of The Product

is a high-slick, surface-safe lubricant specially formulated for clay bar treatments. It significantly reduces friction to prevent marring and swirl marks during decontamination, ensuring a smooth, effortless glide. Ideal for use on paint, glass, and other delicate surfaces, it enhances both the safety and efficiency of the claying process.

Product Highlights

- 1. Provides slick lubrication for safe clay bar use
- 2. Minimizes swirl marks and surface marring
- 3. Safe for use on paint, glass, and trim
- 4. High-performance formula for smooth application

CX-DP-CL

Sizes 17 FL OZ (483ML)

How To Use

- 1. Spray CHEMIX Clay Lube generously onto the surface or directly onto the clay bar.
- 2. Glide the clay bar gently across the lubricated area with light pressure.
- 3. Wipe away any excess residue using a clean microfiber towel.
- 4. Rinse the treated surface thoroughly after claying.

CHEMIX CLAY LUBE

One-Line Description For Each Products

Restores faded plastic trims to a rich, deep black.

Description Of The Product

revitalizes faded interior plastics and trims with a deep, rich finish. Its advanced formula restores original color while offering lasting protection against UV rays, dust, and daily wear—perfect for dashboards, door panels, and consoles.

Product Highlights

- 1. Restores faded interior plastic and trim
- 2. Shields surfaces with built-in UV protection
- 3. Delivers a clean, non-greasy, natural finish
- 4. Perfect for dashboards, consoles, and door panels

CX-DP-DB

Sizes 17 FL OZ (483ML)

How To Use

- 1. Shake well before use.
- 2. Apply a small amount of CHEMIX Deepblack onto a clean microfiber cloth or applicator pad.
- 3. Gently wipe the product onto the surface using circular motions, ensuring even coverage across the area.
- 4. Allow it to sit for a few moments, then buff off any excess product with a dry microfiber cloth to reveal a clean, smooth, matte finish.

CHEMIX DEEPBLACK

One-Line Description For Each Products

Degreases and refreshes engine compartments safely.

Description Of The Product

is a high-performance formula crafted to safely eliminate dirt, grease, and grime from your engine bay. Its powerful yet gentle composition lifts stubborn contaminants without damaging sensitive engine components or finishes, ensuring your engine bay stays clean and looking like new.

Product Highlights

- 1. Powerful cleaning that tackles tough grease and dirt.
- 2. Gentle on engine components but tough on contaminants.
- 3. Non-corrosive and safe for all types of engine finishes.
- 4. Quick and effortless application, just spray, wait, and rinse.

CX-DP-EC

Sizes 17 FL OZ (483ML)

How To Use

- 1. Spray directly onto cool engine components.
- 2. Let dwell for 2–3 minutes to break down grease and grime.
- 3. Rinse thoroughly with water, avoiding sensitive electrical components.
- 4. Dry with a clean microfiber towel for a spotless finish.

CHEMIX ENGINE BAY CLEANER

One-Line Description For Each Products

All-in-one wheel & tyre cleaner with powerful lift.

Description Of The Product

is a powerful wheel cleaner that rapidly breaks down stubborn stains and deposits without harming delicate finishes. Its safe, non-corrosive formula is suitable for all wheel types—including painted, polished, and chrome surfaces—delivering a clean, refreshed look with every use.

Product Highlights

- 1. Advanced Cleaning Formulation
- 2. Effectively Breaks Down Stains and Deposits
- 3. Safe for Painted, Polished, and Chrome Surfaces
- 4. Preserves the Wheel's Delicate Finish
- 5. Fast and Efficient Cleaning Action

CX-DP-GS

Sizes 17 FL OZ (483ML)

How To Use

- 1. Make sure wheels are cool before application.
- 2. Shake well before use.
- 3. Spray CHEMIX Gliss evenly onto the affected areas.
- 4. Let it dwell for 2–3 minutes. Avoid letting it dry. Agitate with a soft brush or cloth as needed. Rinse thoroughly with clean water.

CHEMIX GLISS

One-Line Description For Each Products

Quick detailer for instant gloss and slickness.

Description Of The Product

is a convenient spray-on detailer that effortlessly boosts your vehicle's shine while removing light dust, fingerprints, and smudges. Its advanced formula delivers a streak-free, glossy finish, with added protection that repels dust and water, keeping your car looking clean longer.

Product Highlights

- 1. Boosts shine and smoothness
- 2. Removes dust, fingerprints, and smudges
- 3. Adds a protective layer against dirt and water
- 4. Delivers a streak-free, high-gloss finish

CX-DP-HQ

Sizes 17 FL OZ (483ML)

How To Use

- 1. Lightly mist CHEMIX Hydro Q onto the surface.
- 2. Use a microfiber towel to gently wipe away dust and fingerprints.
- 3. Buff the surface to a glossy, streak-free shine.

CHEMIX HYDRO Q

One-Line Description For Each Products

Neutral pH shampoo — safe for coated and waxed cars.

Description Of The Product

is a premium foam shampoo that gently cleans while enhancing your car's shine. Enriched with high-quality ingredients, it protects paintwork from UV rays and environmental damage, delivering a smooth, safe, and long-lasting wash experience.

Product Highlights

- 1. Gently Cleans While Enhancing Shine
- 2. Powerful, Highly Concentrated Formula
- 3. Enriched with Premium-Grade Ingredients
- 4. Shields Paint with UV Protection
- 5. Luxurious Foam Wash Designed for Cars

CX-DP-PF

Sizes 17 FL OZ (483ML)

How To Use

- 1. Rinse the vehicle thoroughly to remove loose dirt.
- 2. Mix 20–30ml of product with water in a bucket, dilute based on preference.
- 3. Wash from top to bottom using a wash mitt, then rinse and dry with a microfiber towel.

CHEMIX PH FOAM

One-Line Description For Each Products

Acid shampoo for stubborn contamination removal.

Description Of The Product

is a powerful acid-based shampoo formulated to tackle stubborn contaminants like brake dust, water spots, and industrial fallout. Designed for tough cleaning tasks, it delivers deep-cleansing performance without compromising the safety of your paint, trim, or wheels—leaving behind a sharp, spotless finish with every wash.

Product Highlights

1. Effectively eliminates minor water spots, and industrial fallout
2. Safe for use on paint, wheels, and exterior trim
3. Delivers powerful cleaning results with minimal effort
4. Concentrated formula for easy dilution and efficient use

CX-DP-PS

Sizes 17 FL OZ (483ML)

How To Use

1. Dilute CHEMIX PH STRIKE with water to your preferred strength.
2. Apply to the targeted areas, avoiding use under direct sunlight.
3. Gently agitate with a wash mitt or sponge.
4. Rinse thoroughly with clean water and dry with a microfiber towel.

CHEMIX PH STRIKE

One-Line Description For Each Products

Essential pre-coating cleaner to ensure proper bonding.

Description Of The Product

is a high-performance surface cleaner specifically formulated to eliminate oils, polishing residues, and contaminants from your vehicle's surface. Ideal for preparing surfaces before coating application, it ensures optimal bonding, improving the durability and effectiveness of your coating for long-lasting protection.

Product Highlights

1. Removes oils, residues, and contaminants
2. Prepares surfaces for superior coating adhesion
3. Enhances the durability of the coating
4. Simple and effective to apply

CX-DP-PW

Sizes 17 FL OZ (483ML)

How To Use

1. Spray CHEMIX PREP WIPE generously onto the polished surface.
2. Gently wipe away oils, residues, and contaminants with a microfiber towel.
3. For stubborn residues, reapply and wipe again.
4. Ensure the surface is spotless before applying your coating.

CHEMIX PREP WIPE

One-Line Description For Each Products

Interior cleaner for plastics, leather, and vinyl.

Description Of The Product

is a high-performance interior shampoo formulated to deeply penetrate and dissolve tough dirt, grime, and food stains. Specially developed for heavily soiled interiors, it's safe on all surfaces leather, fabric, plastic, and vinyl—leaving your cabin fresh, clean, and flawlessly restored.

Product Highlights

1. Effective and Gentle Formula
2. Quickly Breaks Down Dirt and Stains
3. Leaves a Fresh, Pleasant Fragrance
4. Cleans and Lightly Restores Interior Surfaces
5. Eco-Friendly and Easy to Use

CX-DP-PI

Sizes 17 FL OZ (483ML)

How To Use

1. Vacuum the interior to remove loose dirt and debris.
2. Shake well before use. Spray CHEMIX Pure Interio onto the affected areas.
3. Scrub gently with a soft brush or cloth to ensure thorough coverage.
4. Wipe down with a clean, damp cloth to leave a spotless, fresh interior.

CHEMIX PURE INTERIO

One-Line Description For Each Products

Premium foam shampoo for deep, balanced cleaning.

Description Of The Product

is the ultimate surface prep solution for automotive detailing. Perfect for use after polishing, it ensures a clean, residue-free surface for optimal coating adhesion. Enhance adhesion, eliminate residues, and achieve a flawless, long-lasting finish.

Product Highlights

1. Dissolve contaminants
2. Bodyshop Safe, ideal for professional & consumer use
3. Break down minerals
4. Improves the Cleaning Process
5. Simple & Effective

CX-DP-PR

Sizes 17 FL OZ (483ML)

How To Use

1. Dilute with water based on preference to adjust foam thickness.
2. Apply generously onto the entire car.
3. Apply more product if areas need extra cleaning.
4. Rinse off residue.

CHEMIX PURIFOAM

One-Line Description For Each Products

Iron fallout remover that turns contaminants red.

Description Of The Product

is specially formulated to effectively dissolve stubborn iron contamination. Its advanced formula breaks down iron particles and brake dust on contact, without damaging chrome or painted surfaces restoring a clean, smooth, and flawless finish.

Product Highlights

- 1. Advanced technology for effective iron removal
- 2. Fast-acting formula that simplifies decontamination
- 3. Safe for use on chrome, painted, and delicate surfaces
- 4. Restores a smooth, spotless, contaminant-free finish

CX-DP-RO

Sizes 17 FL OZ (483ML)

How To Use

- 1. Spray CHEMIX Red Out directly onto the contaminated surface.
- 2. Allow the product to react for 3–5 minutes, or until iron particles dissolve and turn purple.
- 3. Gently agitate with a soft brush if necessary.
- 4. Rinse thoroughly with clean water.
- 5. For best results, dry the surface with a clean microfiber towel.

CHEMIX RED OUT

Description Of The Product

is a high-performance glass cleaner designed for all automotive glass surfaces. It effortlessly removes smudges, fingerprints, sap, bird droppings, and other stubborn stains—leaving behind a streak-free, crystal-clear finish with no residue.

Product Highlights

- 1. Advanced Glass Cleaning Performance
- 2. Restores Factory-Like Transparency
- 3. Compatible with All Automotive Glass
- 4. Streak-Free & Residue-Free Formula
- 5. Professional-Grade Results Made Simple

CX-DP-SV

Sizes 17 FL OZ (483ML)

How To Use

- 1. Make sure the glass surface is cool before application.
- 2. Shake well and spray CHEMIX Shineview directly onto the glass.
- 3. Wipe using a clean, lint-free microfiber cloth in circular motions. For tough stains, let the product sit for a few moments.
- 4. Buff with a dry microfiber cloth for a clear, streak-free finish.

CHEMIX SHINEVIEW

One-Line Description For Each Products

Removes water spots from paint and glass surfaces.

Description Of The Product

effectively removes hard water stains and mineral buildup from paint, glass, and chrome without the need for harsh scrubbing or risk of damage. Designed for daily drivers, detailers, and enthusiasts, its fast-acting, eco-friendly formula makes it perfect for post-wash touch-ups or after rain exposure, quickly restoring surface clarity and a brilliant shine.

Product Highlights

- 1. Efficiently eliminates mineral-based water spots
- 2. Safe for use on clear coats, glass, and chrome surfaces
- 3. Quick and easy application for immediate results
- 4. Non-corrosive, eco-friendly formula for peace of mind
- 5. Professional-grade results designed for everyday users

CX-DP-SX

Sizes 17 FL OZ (483ML)

How To Use

- 1. Apply a small amount of CHEMIX Spot X to a damp microfiber cloth.
- 2. Gently work the product into the stained area using circular motions, allowing it to break down the water spots.
- 3. For more stubborn mineral deposits, let the product dwell for a few minutes before wiping.
- 4. Use a separate dry microfiber cloth to buff the surface and achieve a spotless, streak-free finish, must rinse off afterwards.

CHEMIX SPOT X

One-Line Description For Each Products

Protective wax for plastic surfaces with a subtle shine.

Description Of The Product

effectively restores and protects exterior plastic, rubber, and vinyl surfaces, delivering a satin finish that revives original color and depth. Its advanced formula creates a protective barrier against UV rays, oxidation, and environmental factors, ensuring long-lasting durability and a refreshed, factory-like appearance.

Product Highlights

- 1. Restores faded plastics and trims
- 2. UV protection to prevent further fading
- 3. Provides a clean satin finish, free of oily residue
- 4. Water-resistant and durable against the elements
- 5. Suitable for both textured and smooth surfaces

CX-DP-TX

Sizes 17 FL OZ (483ML)

How To Use

- 1. Clean and dry the surface thoroughly before use.
- 2. Apply a small amount of CHEMIX Trim X onto a foam applicator or microfiber cloth.
- 3. Evenly distribute the product across the surface, ensuring full coverage.
- 4. Let it absorb and bond for a few minutes.
- 5. Buff off any excess product to achieve a sleek, even finish.

CHEMIX TRIM X
